SUMMARY

Aspiring Software Engineer with basic knowledge of Python, Django, HTML, CSS, JavaScript, and MySQL. Passionate about building web applications and continuously improving technical skills through practical projects and real-world development experience..

Project

Restaurant website

Built a responsive restaurant website using **HTML, CSS, JavaScript, and Bootstrap**, featuring menu display, navigation system, and mobile-friendly design.

Calculator

Developed a simple calculator web application using **HTML, CSS, and JavaScript** that performs basic arithmetic operations such as addition, subtraction, multiplication, and division. Implemented interactive buttons and dynamic result display using JavaScript to provide a smooth user experience.

Hospital Booking

Developed a hospital booking web application using **Python, Django, HTML, CSS, JavaScript, and Bootstrap**. The system allows users to view hospital information, explore available services, check doctor profiles, and contact the hospital for appointments. Implemented a clean and responsive user interface to provide a smooth user experience across devices

EDUCATION

Govt.Higher secondary school thiruvalli.

Year 2021-2023

Computer commerce

Yenepoya Deemed University

Year 2023-2026

Bca (Bachelor of Computer Application.

SKILLS

- **Programming Languages:** Python, JavaScript
- **Frameworks:** Django
- **Web Technologies:** HTML, CSS, Bootstrap
- **Database:** MySQL
- **Other Skills:** SQL, Problem Solving, Basic NLP (NLTK)

CERTIFICATE

- Deep learning - Coursera
- Natural Language Processing with Python (NLTK) – Coursera
- SQL Join– Coursera
- Iot Devices - Coursera
- Generative AI Literacy – Prime Skills

LANGUAGES

- English
- Malayalam
- Hindi
